

## **Spedition Bischoff, our new GW partner in Upper Franconia**

**Bischoff International GmbH in Naila will become a new GW partner on 1 June. This regional partnership developed as a result of Militzer & Münch, GW's long-term partner in Hof, selling their Western European land transport business.**

Bischoff International GmbH takes over all land transport activities from Militzer & Münch, including the transport where they have worked together with Gebrüder Weiss for more than 30 years. Within the scope of the new partnership between Bischoff and GW the offered services will continue seamlessly. This also applies to the continuity of the highly developed traffic between Austria and Germany and also between Eastern Switzerland and Germany. These regions' 24 hours delivery continues to be secured through the partner's strong local establishment.

Bischoff International GmbH was founded in 1929 and has been a 100% Geis Group subsidiary since 2006. Naila in the district Hof is home to this company and its 360 employees. Its core business is national and european land transport.
