

BEST PRACTICE

High-Tech Advanced

Since 2011 Gebrüder Weiss has been smoothly handling transportation in five countries – at the highest level of quality and absolute reliability – for a world-leading manufacturer of consumer electronics.

We have met this challenge at the highest level possible: Ensuring delivery to the markets despite volume fluctuations, with a decrease in security incidents

Added value achieved for our customers:

- Comprehensive security concept
- Integration of GPS tracking of independent systems
- Peak season management
- Customs clearance: Reduction of handling time from 24 hours to 30 minutes.
- Fulfillment of strict employment criteria (DIDB)
