

EKAER

As from 1 January 2015, a reporting obligation applies to

- 1) acquisitions of goods from another EU Member State to the territory of Hungary or acquisitions for other purposes,**
- 2) supplies of goods from the territory of Hungary to another EU Member State or supplies for other purposes, and**
- 3) first supplies of goods subject to taxation in domestic trade, to other than end users,**

involving road transportation, **if performed by using vehicles subject to road toll payment** (i.e. vehicles exceeding 3.5 tons of maximum permissible gross weight).

The reporting obligation shall also be applied in certain cases of risky goods even if such goods are transported by a vehicle not subject to road toll payment (vehicles up to 3.5 tons of gross weight).

The reporting obligation shall be applicable to transportations by using both vehicles subject to road toll payment and vehicles not subject to road toll payment, respectively, if the volume and value of the goods transported exceed certain limits. The detailed rules are available on the <http://ekaer.nav.gov.hu> website.

As from 1 January 2015, the above activities may only be pursued by taxpayers having a valid Electronic Public Road Trade Control System (Elektronikus Közúti Áruforgalom Ellenőrző Rendszer = EKAER, hereinafter EKAER) number.
